Again

V1
You can tell them all I've got it bad
Maybe the worst case I've ever had

You just want to be close to me, you just want to see
How it feels to break a heart, how it looks to fall apart

Chorus1
Let me go, let me crawl, let me fall
Let me talk, let me scream, let me be
Alone again
Let me hide, let me eat, let me sleep
Let me jump, let me dream, let me be
Alone again, again

V2
You can tell them all I've lost my mind
Just to make yourself feel better one last time

You just want to prove to me, you just cannot see
That you don't walk on water, that I'm a lock without a key

Chorus2
Let me go, let me crawl, let me fall
Let me talk, let me scream, let me be
Alone again
Let me hide, let me eat, let me sleep
Let me jump, let me dream, let me be
Alone again, again

Chorus3
Let me go, let me crawl, let me fall
Let me talk, let me scream, let me be
Alone again
Let me hide, let me eat, let me sleep
Let me jump, let me dream, let me be
Alone again, again
